

COURCHENEIGE
HOTEL

Three circular icons arranged horizontally. The first shows a globe with a leaf, the second shows a flower, and the third shows hands holding a plant. The text 'ACTING AND INVESTING FOR TOMORROW' is overlaid in green.

**ACTING AND INVESTING
FOR TOMORROW**

Our promises for future generations
and our mountains

ECO-RESPONSIBLE APPROACHES

- **The Courcheneige Hotel and its commitment to an environmental approach**
- Aware of the fragile balance of our planet and of our responsibilities, the Courcheneige is committed to carrying out a number of eco-responsible actions
- We try to be as **active** and **preventive** as possible through common sense actions and eco-citizen gestures

ECO-RESPONSIBLE APPROACHES

Water efficiency

Showers, taps and toilets equipped with water-saving systems / limiting the number of washing machines

Energy saving

Used light bulbs replaced by low-energy bulbs / radiators equipped with thermostats / regular maintenance of our electrical and gas installations and our boiler / lights turned off after each visit / reduction of standby time for electrical appliances

Recycling of packaging and waste

Selective sorting of light bulbs, ink cartridges, batteries, cardboard, glass, aluminium and PET / limiting individual packaging by eliminating individual portions at breakfast, reusable glasses in bathrooms

ECO-RESPONSIBLE APPROACHES

Paper handling

Use of thin paper / printing on both sides of the paper / reduction of printing to a minimum

Use of cleaning products and housekeeping

Reduction in the number of cleaning products and use of steam cleaning / use of phosphate-free detergent and Ecolabel products for surfaces

Choice and management of food products

Short distribution channels and local suppliers are favoured / our products are seasonal, regional, if possible farm produce and from organic or sustainable agriculture or from fair trade

ECO-RESPONSIBLE APPROACHES

- We want to be part of this eco-responsible approach in the long term. Therefore, we make all our staff aware of these actions and we regularly evaluate the means implemented.
- During your stay at the Courcheneige, you too can support our action by making simple gestures.
- We remain attentive to your comments and ideas in order to grow in this important sphere.
- **We are all concerned !**

Information for customers on low environmental impact transport in the resort of Courchevel

- The Courcheneige and its teams are aware of the environmental impact in Courchevel
- That's why we suggest you leave your car and follow our ecological approach by using the following means of transport...

The horse-drawn carriages Zero impact and so contemplative

- You can borrow the horse-drawn carriages at the Croisette to get around Courchevel.
- An original way to explore the town and discover the landscape without impacting on the environment!

Ski lifts & gondola

Very limited impact and so fast

- The Praz and Grangettes cable cars in Courchevel are real assets for pedestrians. They allow locals and holidaymakers to reach the centre of Courchevel from 7.45am to 11.30pm
- The Jardin Alpin cable car is open from 8.35am to 7.10pm
- It is also more comfortable for users with faster connections
- Le Praz / Courchevel 1850 in 6 minutes
- Courchevel Village / Courchevel 1850 in 5 minutes

The Courchevel shuttles

Impact reduced by the collective effect

- They are very practical, they are free and run throughout the resort from Saint-Bon to the Altiport
- With a wide range of timetables to suit everyone, from 7.25am to 2.15am

Local taxis & free hotel shuttles Impact reduced by collective effect

- They will come to you in Courchevel but also for your long journeys
- Favour electric or hybrid taxis which are more respectful of the environment
- The Courcheneige offers you its free shuttle service for your trips between the hotel and Courchevel 1850, all week long between 9am and 9pm

Take the train instead of the plane to reach us

- Direct trains are available during the winter
- London - Moutiers in 8h30
- Brussels - Moutiers in 7h30
- Paris - Moutiers in 5 hours
- The train emits up to 50 times less CO₂e than the car and 80 times less than the plane

Nous certifions par la présente attestation que le calcul des économies en ressources en plastique, pétrole et CO₂ se fonde sur les quantités de produits livrées au client.

Le calcul a été effectué avec le **green care PERFORMANCE CALCULATOR** qui se trouve sur get.wmprof.com

Les volumes et les résultats relatifs enregistrés que nous attestons sont conformes à la certification du produit délivrée par Ecolabel and Cradle-to-Cradle®.

Les conteneurs en plastique des produits couverts par ce certificat sont composés de **27%** de matériaux recyclés (taux de recyclage). Le calcul de la certification a été validé par les auditeurs environnementaux d'INTECHNICA Cert GmbH.

Together, let's protect the planet less change of sheets

- **The Courcheneige Hotel is committed to an environmental approach and rewards you**
- To motivate you and show you that it's the little things that count ...
- *For stays of 6 days or more, ask to change your sheets only once during your stay and **we offer you a green cocktail or a cocktail of your choice at the hotel bar***
- *Put the doornobs Eco-sheet on the bed so that your sheets don't have to be changed and it's done!*
